- The Town shall make payment on account of the Contract as follows: The Contractor shall invoice the Town for the work completed. After receipt of the Contractor's invoice by the Town, the Town's agent shall inspect the premises and if the work has been completed in accordance with the Contract Documents, the Town will make payment on or within fifteen (30) days of the approved amount of the invoice. Before final payment is made to the Contractor, it shall submit evidence satisfactory to the Board of Selectmen that all payrolls, material bills, and other indebtedness connected with the work have been paid.
- After execution of the Contract, there shall be no changes in the Bid Documents except by a written amendment executed in the same manner as the Contract or by Change Order as described below:

**CHANGE ORDERS:**

A. The Town, without invalidating the Contract, may order changes in the work within the general scope of the Contract consisting of additions, deletions or other revisions, the Contract sum and the Contract time being adjusted accordingly. All such changes in the work shall be executed under the applicable conditions of the Contract Documents.

B. A change order is a written order to the Contractor signed by the Board of Selectmen and the Contractor, after execution of the Contract, authorizing a change in the work and/or an adjustment in the Contract sum and/or in the Contract time.

C. The terms of any change order shall be mutually agreed to by the Contractor and the Board of Selectmen.

- The entire work contemplated by the Contract shall be under the supervision of the Board of Selectmen, or their agents so designated, and all questions concerning the prosecution of the work shall be referred to and decided by them.
- **DETERMINATION AND EXTENSION OF CONTRACT TIME.** It is an essential part of the Contract that the Contractor shall perform fully, entirely and in an acceptable manner, the work under Contract within the time stated in the Contract. If the Contractor finds it impossible for reasons beyond its control to complete the work within the Contract time, it shall make a written request to the Board of Selectmen for an extension of time setting forth the reasons which it believes will justify the granting of its request. The Contractor's plea that insufficient time was specified is not a valid reason for extension of time. If the Board of Selectmen finds that the work was delayed because of conditions beyond the control and without the fault of the Contractor, including but not limited to acts of God, utility relocation's, strikes, delays in the delivery of critical materials, and work requiring specialists for whose starting time a reasonable latitude must be allowed, the Board of Selectmen may extend the time for completion in such amount as conditions justify. When extension of the Contract time is required due to delays in the delivery of critical materials, sufficient evidence must be furnished to the Town at the time the delay occurs showing that such delay results from the materials being unavailable by reason of unusual market conditions such as an industry-wide strike, natural disaster or an area-wide shortage which arises after bids are taken and which prevents the procurement of materials within the allowable time of limitations. Delays due to slow delivery from a source of supply when the required material is available elsewhere will not be considered as justification for an extension of time.
- **FAILURE TO COMPLETE ON TIME.** For each day that any work shall remain uncompleted after the Contract time specified for completion of the work, including extensions, the fixed daily charge specified below will be deducted from any money due the Contractor, not as a penalty, but as liquidated damages. Permitting the Contractor to continue and finish the work or any part of it after the time fixed for its completion, or after the date to which the time for completion may have been extended, will in no way operate as a waiver on the part of the Town of any of its rights under the Contract. The Board of Selectmen may

waive such portions of the liquidated damages as may occur after the work is in condition for safe and convenient use. The fixed, agreed liquidated damages shall be \$500.00 per day.

The Town may withhold any amount of money otherwise due the Contractor to offset such liquidated damage and the Contractor and its SURETY shall be liable to the Town for all additional liquidated damages as provided herein.

- **ASSIGNMENT.** The contractor shall not assign, sublet, or transfer its interests in this agreement without written consent of the Town of Rindge.
