Location of Appliance: _____

Make of Appliance #2: _____ Appliance SS #: _____
Appliance Size: _____ BTU's (If applicable) Existing: _____ Proposed: _____
Location of Appliance: _____

Make of Appliance #3: _____ Appliance SS #: _____
Appliance Size: _____ BTU's (If applicable) Existing: _____ Proposed: _____
Location of Appliance: _____

Description of Work:

Attach Diagram If Applicable.

NH State Fire Code NFPA 54, National Fuel Gas Code – 5.1 Piping Plan

5.1.1 Installation of Piping System – Where required by the authority having jurisdiction, a piping sketch or plan shall be prepared before proceeding with the installation. This plan shall show the proposed location of piping, the size of different branches, the various load demands, and the location of the point of delivery.

5.1.2 Addition to Existing Systems

5.1.2.1 When additional appliances are being connected to a gas piping system, the existing piping shall be checked to determine whether it has adequate capacity.

5.1.2.2 If inadequate, the existing system shall be enlarged as required, or separate gas piping of adequate capacity shall be provided.

The following methods can be used while mapping piping systems.

- The Longest Length Method
- The Branch Length Method
- Hybrid Pressure Method
- Pressure Drop per 100 ft Method

Requirements for Permit Applications

1. All information must be printed legibly.
2. Owner name, address and phone number.
3. Location and address of work site.
4. Complete description of work to be done.
5. Number of fixtures, appliances and equipment to be installed.
6. Plans must be submitted on all new buildings and major renovations.

Notes:

It is the responsibility of all contractors, electricians and plumbers to obtain the necessary permits from the Rindge Building Office at Town Office before any work has begun. Work must begin within six (6) months of the issuance of any permit.

If this is an "After the Fact" permit, it will be subject to a fee described in the Official Building / Fire Fee Schedule.

Contractors must have a valid license from the State of New Hampshire to obtain a permit. Permits are not transferable.

It is the responsibility of the contractor to obtain all inspections required. A rough-in inspection is required before any work is covered, and a final inspection is required when all work is complete. A twenty-four (24) hour notice is required for any inspection. This signed application constitutes consent on the applicant's part to allow for all inspections at the property location listed.

No permit will be issued until all of the above information is furnished, and all the above conditions met.

If you have any questions, feel free to contact the Building Department Office at (603) 899-5181 Ex 109.

Statement of compliance:

I have read and understand the statement and hereby agree to all of the terms stated therein. I agree to abide by any and all codes relating to my field of work, including all national, state and local codes. I also realize that any false statement made in the application for permit may be grounds for revocation of said permit.

Rindge Building Department Approval certifies that the applicant may proceed with certain building improvements in accordance with the specifications submitted. Any deviation from the specifications submitted will require an amendment to this permit or additional permits.

***** When Applicable – Plans must be submitted to Rindge Building Department for Approval*****
